## Degree Programs Available

- **Doctor of Pharmacy (PharmD)**
  
The PharmD is a six-year degree comprising two preprofessional years of undergraduate study followed by a four-year professional curriculum. Coursework recommended in this Guide applies to the preprofessional curriculum.

Prospective Pharmacy students are urged to become familiar with the College’s curricula and rules in the Undergraduate Catalog 2016–2018 at registrar.utexas.edu/catalogs/. Transfer students are placed under the catalog of the academic year in which they are admitted to the PharmD program; those declaring the 2016–2018 catalog must complete all degree requirements by the end of the summer session 2025.

Prospective students can monitor their UT degree progress and check degree applicability of transfer credit by using the “Planner” feature of UT’s Interactive Degree Audit (IDA) system at registrar.utexas.edu/students/degrees/ida/.

## External Transfer Admission in pre-Pharmacy and Pharmacy

- Eligible transfer students are admitted to the **pre-Pharmacy** track in the College of Natural Sciences; subsequent admission to the PharmD professional curriculum is under the authority of the College of Pharmacy. Pre-Pharmacy admission does not imply or guarantee admission to the PharmD curriculum.

- Pre-Pharmacy admission is competitive in the College of Natural Sciences. Preference is given to applicants who:
  - select Natural Sciences/pre-Pharmacy as their first-choice major;
  - have grades of A or B in all mathematics and science coursework;
  - have transfer credit for at least one course from MATH 2413 or 1342 with a grade of B– or better; and
  - have transfer credit for at least two majors-level science courses from BIOL 1406, BIOL 1407, CHEM 1311, CHEM 1312, PHYS 1401, or PHYS 2425 with grades of B– or better.

- Applicants with further mathematics and science coursework, as recommended in this Guide, are more competitive.

- Transfer applicants who have completed preprofessional requirements may apply for **PharmD professional curriculum admission** through the PharmCAS application and the College of Pharmacy supplemental application. Pre-Pharmacy admission is available year-round, but professional curriculum admission is available only for fall semesters. PharmD application instructions are at sites.utexas.edu/pharmacy-admissions/.

## Use of Transfer Credit Toward Degrees

The Office of Admissions evaluates courses from other institutions for comparability with UT Austin coursework, but the Dean’s Office in the College of Pharmacy approves transfer credit for use in a degree program.

- Questions concerning PharmD admission, degree/graduation requirements, and degree applicability of transfer credit should be directed to pharmadmissions@austin.utexas.edu. Prospective students should read through the PharmD admission information at sites.utexas.edu/pharmacy-admissions/.

- Questions concerning transfer admission to UT Austin and transfer credit evaluation should be directed to the Undergraduate Admissions Center, John Hargis Hall, P.O. Box 8058, UT Austin, Austin TX 78713-8058 (512/475-7387). Admission information and Transfer Guides for other UT programs are at admissions.utexas.edu/apply/transfer-admission/.

## Special Notes

- **Core curriculum** transfer credit from Texas community colleges is guaranteed to apply toward the UT Austin core, but degree plans may specify how to fulfill some core requirements. Recommendations in this Guide satisfy core requirements with courses normally prescribed by the PharmD degree program at UT.

- Courses in which grades lower than C– are earned do not transfer. Grades from transfer credit are excluded from a student’s internal UT Austin grade point average computation.

- **Physical education activity** courses do not count toward degree requirements in the College of Pharmacy, but grades and credit count toward transfer admission.

- Up to nine semester hours in Air Force, Military, or Naval Science may count as non-pharmacy elective credit toward a degree in the College of Pharmacy by students commissioned through the UT Austin ROTC program. Such credit may not count toward the professional PharmD elective requirement.

**College of Pharmacy**  
The University of Texas at Austin  
2016–2018 Transfer Guide for Austin Community College Students
Courses Recommended for Transfer

Listed in Austin Community College course designations.

**Writing / Humanities (core 010 & 040)**

*English Composition & first (core) Writing Flag – ENGL 1301+1302.*

*Literature – one American, British, or world literature survey chosen from ENGL 2322, 2323, 2327, 2328, 2332, or 2333.*

**Foreign Language**

In a single language, either two years of prior high school credit (documented by an official high school transcript submitted to the Office of Admissions) or college-level transfer credit for two courses numbered 1411+1412. SGNL 1401+1402 can also be counted.

**History / Government (core 060 & 070)**

*United States History – two courses chosen from HIST 1301, 1302, 2301, 2327, 2328, and 2381.*

*American & Texas Government – GOVT 2305+2306.*

**Social & Behavioral Science (core 080)**

One course chosen from ANTH 2351; ECON 2301 or 2302; GEOG 1302; PSYC 2301; SOCI 1301, 1306, or 2301; or TECA 1303.

**Mathematics (includes core 020)**

*Differential Calculus – MATH 2413.*

*Statistics – MATH 1342.*

**Science & Technology (includes core 030 & 093)**

BIOL 1406+1407;
BIOL 2316;
BIOL 2421;
CHEM 1311+1312+1111+1112;
CHEM 2323+2325+2123+2125; and
one course chosen from PHYS 1401 or PHYS 2425.

**Visual & Performing Arts (core 050)**

One course chosen from ARCH 1301, 1302, or 1311; ARTS 1301, 1303, or 1304; COMM 1307; DRAM 1310; or MUSI/MUS 1301, 1306, or 1773.

This Guide is based on degree requirements published in the Undergraduate Catalog 2016-2018 and on courses offered at Austin Community College during 2017-2018. Produced by the Office of Admissions in consultation with the Dean’s Office of the College of Pharmacy. Effective 01 September 2017.
