We envision a day when people with long-term care needs will take their place as full citizens within their communities and have equal opportunities to pursue life, liberty, and happiness. A day when they will live full and independent lives – lives that include:

✓ CLEAR VISION for their own future with a sense of hope, possibility and direction
✓ WIDE RANGE of choices with the ability to determine how to live their lives
✓ STRONG, HEALTHY RELATIONSHIPS with family and friends
✓ SAFE AND STABLE HOME to live in for as long as they choose
✓ MEANINGFUL EMPLOYMENT with a livable wage during their working years
✓ BROADER COMMUNITY that recognizes their individuality, gifts, and talents
✓ FLEXIBLE SUPPORTS & SERVICES
✓ ACCESS to every one of their civil rights
