Welcome!

On behalf of UCSB Housing, Dining & Auxiliary Enterprises, it is my privilege to welcome you to the residence halls, Home of the Gauchos! A unique educational opportunity exists within our communities. One of the discoveries that you’ll quickly make is your residence is more than just a place to eat and sleep. There are opportunities to expand personal horizons through involvement in numerous academic, social, cultural, and recreational activities. Our communities are composed of people from a variety of backgrounds. You’ll meet a lot of new people and form new friendships within a diverse social environment. This is important because it will challenge you to figure out ways to help us all thrive by living together productively, stressing our common life experiences rather than our differences. This is your community, and it is greatly enhanced by your energy, enthusiasm, and leadership. Our goal is to minimize the rules and maximize the learning that occurs. Fostering an understanding of and respect for the rights and interests of others helps to achieve this. The staff of Housing, Dining & Auxiliary Enterprises is committed to providing an environment that is supportive of and responsive to your educational needs. It is my hope that the 2018-19 school year is one of growth, challenge, and reward. Thank you for choosing to make this your home!

W.H.A.T.?!

Have you been hearing some acronyms lately and don’t know what they mean? We can help with that!

**Residential Housing Association.** The student government of the Residence Halls. (RHA)

**Resident Assistant.** We live in the University Residence Halls and Apartments. They help build community with fun and educational programs, ensure building safety, mediate conflicts, and serve as a resource for you! (RA)

**Assistant Resident Director.** The ARDs are in charge of the Front Desks and the Hall Councils of their respective buildings. Most of the ARDs are recently graduated UCSB students, and former RAs. They’re a great resource to connect with to learn how to get more involved in your community! (ARD)

**Resident Director.** The RDs are in charge of the different residence halls. They deal with any conduct situations and make sure the halls run smoothly. All of our RDs have masters degrees and are a great resource to talk to if you’re interested in graduate school. (RD)

**Two & Two Program.** If you live in the residence halls for two years, you’re guaranteed two years in our apartments! (2+2)

**Desk Attendant.** Each building has a front desk staffed with DAs to help you check out equipment, get room keys for lock outs, and sign up for appointments. (DA)

---

**CSO Escort**

There’s safety in numbers. There’s even more safety in the CSO Escort number. Whether you’re on campus late at night or in Isla Vista, you can call a CSO (Community Service Officer) to help you safely get home or wherever you need to go. CSOs are employed by the UCSB Police Department to help ensure campus and student safety. (805) 893-2000.

**Get It Fixed**

Is something broken, damaged, or not working properly in your room or hall? Get it fixed! Visit www.housing.ucsb.edu and click on the “Get it Fixed” link on the Quick Links menu to submit a maintenance request. If you are having trouble, stop by the front desk and ask the DA for help! Someone from our operations staff will fix your problem, usually by the next business day.

**Eduroam**

Eduroam ROAMing is the secure, world-wide roaming access service for the international research and education community developed as an alternative to UCSB’s current wireless options. To join the eduroam Wi-Fi network use your UCSBnetID@ucsb.edu as your account name and your UCSBnetID password. Be sure to include the “@ucsb.edu”!

**Get A Job**

Interested in working in your Residence Hall? Keep an eye on Job-Know screens and posters around your hall with info on how to become a Front Desk Attendant! For other housing employment opportunities visit www.housing.ucsb.edu and click on the “Work for Us” link on the Quick Links menu. You can also check the Career Services website at http://career.sa.ucsb.edu/.
Everyday you’ll see thousands of bicyclists zipping all over campus. Make sure you know the rules of the road.

1. Ride single file! Always give bikers in a hurry space to pass you on the left.
   - Bike smartly! Failing to adhere to traffic stops, biking off of the designated bike paths, as well as biking distracted (phone calls, texting, headphones) can result in accidents as well as a ticket. Find all the UCSB Biking regulations at http://www.police.ucsb.edu/resources/bikeskateboard-rules-and-regulations.

2. Take Care of Your Bike! Make sure you keep your tires inflated and your bike chain lubricated. You can access air and other tools at our bike fix-it stations located around our communities. Not sure how to use a bike fix-it station? Check out our ‘Housing How To’ playlist: www.youtube.com/ucsbhousing. You can also visit the AS Bike shop for free and low cost services.

3. Know your roundabouts! Always approach slowly and yield to bikers already in the roundabout before entering. Once you enter don’t stop biking! If you miss the exit for the path you want to take, circle around until it’s safe to exit.

UCS DH T GUEST HOUSE
UC SANTA BARBARA
Parents & Family Weekend

- As part of Parents & Family Weekend on Friday, November 2, The Club & Guest House will be offering a 15% discount on lunch and a chance to win a FREE 1 night stay in The Guest House!
