Community Capital Facilities
Early Learning Facilities (ELF) Program
Questions and Answers
June 24, 2020 Webinars

earlylearningfacilities@commerce.wa.gov

1:00 PM – DCYF Overview Webinar Presentation

1. Q: How will school districts demonstrate already existing partnerships that have diminished because of facility issues and new WACs.
   A. There are questions in the application that highlight partnerships and current partnerships. Additional information that does not fall into application questions can be uploaded as and additional document.

2. Q: Moving from a temp portables to new land that we lease. Would these costs be eligible for these grant? Increasing capacity.
   A. As long as you are a school district adding capacity, these costs should be eligible.

3. Q: Do you have to be K-12 if you already are a qualified preschool.
   A. Applicants must be a K-12 school district.

4. Q: Can a state community college which operates ECEAP and Head Start programming apply for programming to support renovation of a center.
   A. These entities are not eligible at this time.

5. Q: Our program underwent some new renovations, are these reimbursable?
   A. Can go back to July 1, 2018.

6. Q: If facilities will be used for both ECEAP programs and Part B Special Ed Programs. Are they eligible for this grant
   A. Yes as long as there are ECEAP programs.
7. Q: Does the school district need to participate in Early Achievers or do we qualify if the EACAP/WCCC partner providing the services is participating?
   A. Yes, but the school district must participate or intend to participate in the Early Achievers Program.

8. Q: If we are on a waiver for 2.75 hours instead of three hours a day, are we eligible?
   A. If you are in good standing and have a waiver then you are eligible, must be a formal EACAP waiver.

9. Q: Is there a time commitment to be eligible for the grant from ELF?
   A. There are time commitments that come with this grant. Less than $200k facilities provide services at least 10 years following project completion, and over $200k facilities provide services at least 20 years following project completion.

K-12 School District Funding Round Program Guidelines Webinar Presentation

1. Q: No additional questions following the webinar.
