CalFresh Outreach Website Expanded Template

In order to meet the requirements of your CalFresh Outreach (CFO) contract, you must create a CFO webpage. Please use this template as a guide. This expanded template provides all of the necessary information about CalFresh Outreach and application assistance as well as some additional information that may be useful to include in your webpage. If space is a limiting factor, please consider using the compact template, which includes all of the necessary information in a smaller amount of space.

Logo and Tagline Requirements

Your website must include at minimum the CalFresh logo and the following US Department of Agriculture (USDA) acknowledgement tagline: "This website was funded by USDA, SNAP, known in California as CalFresh, an equal opportunity provider and employer, and the California Department of Social Services." We recommend including the tagline at the bottom of each webpage. Recipients receive and “spend” CalFresh benefits electronically, via personal Golden State Advantage electronic benefits transfer (EBT) cards that look just like any other credit or debit cards.
