To be eligible for guaranteed fall 2018 enrollment in the UT Austin College of Liberal Arts, Coordinated Admission Program students at UT El Paso must complete 30 approved semester hours of coursework (including a mathematics course other than College Algebra) with at least a 3.2 grade point average by June 1, 2018.

CAP students may compete for fall 2018 admission as external transfers in Business, Communication, Education, Engineering, Fine Arts, Geosciences, Natural Sciences, Nursing, pre-Pharmacy, and Social Work. Pursuing admission in these UT programs does not compromise automatic eligibility in Liberal Arts.

Approved CAP courses are listed below (with UT Austin transfer credit evaluations). For CAP purposes you can take any listed course, subject to availability and UT El Paso’s placement, prerequisite, or other requirements. Courses in which grades lower than C– are earned do not transfer. Consult an academic advisor before selecting courses, and review the Recommended Courses following the list.

**Recommended Courses by UT Austin Major**

Some majors explicitly require 2nd or 4th semester foreign language proficiency. Students in all majors are required to have two years of high school credit in a single foreign language; if you do not meet this standard you must achieve 2nd semester proficiency in university-level courses.

These recommendations conform to degree requirements in the UT Austin Undergraduate Catalog 2016–2018.

---

**UT Austin School of Architecture recommended courses**

*Note: admission to Architecture requires completion of 24 semester hours at UT Austin in addition to the 30 hours earned in the CAP program.*

**Mathematics** — for Architecture: MATH 1411+1312.

**Science & Technology** —
- for Architecture: choose a sequence from PHYS 1403+1404 or (required in engineering dual degree) 2420+2421.
- for Interior Design: PHYS 1403+1404.

**Visual & Performing Arts**
- for Architecture: a two-course architectural history sequence is required, unavailable at UT El Paso.
- for Interior Design: choose one from ART 1300, ARTH 1305, or ARTH 1306.

**Social Science** — for Interior Design: PSYC 1301.

---

**UT Austin McCombs School of Business recommended courses**

*Note: admission to Business requires completion of ECON 2303+2304 and MATH 1411+1312.*

**Mathematics** — MATH 1411+1312. Add MATH 2313 for the Science & Technology Management major.

**Science & Technology** — for the Science & Technology Management major: CHEM 1305 and PHYS 2420+2421.

**Social Science** — ECON 2303+2304.

**Foreign Language** — for International Business: 4th semester proficiency in a language associated with the world region in which the student plans to specialize.
(UT El Paso recommended CAP courses, continued)

**UT Austin Moody College of Communication recommended courses**

Mathematics – for Advertising or Public Relations: choose one course from the list excluding STAT 2480.

Foreign Language – 4th semester proficiency.

**UT Austin College of Education recommended courses**

Mathematics –
  - for Athletic Training: choose one from MATH 1508 or 1411 or STAT 2480.

Science & Technology –
  - for Athletic Training: HSCI 2302; BIOL 1303 or 1305; and a sequence chosen from CHEM 1305+1306 or PHYS 1403+1404.

  - for Biomedical Engineering: CHEM 1305+1306 and CHEM 1305+1306. In the Exercise Science major BIOL 1305 must be taken and PHYS 1403+1404 is also required.

Visual & Performing Arts – for students pursuing teacher certification: choose an ART, ARTH, MUSL, MUSI, or THEA course.

Social Science – PSYC 1301.

Foreign Language – 4th semester proficiency in Spanish for Applied Learning & Development/EC-6 ESL generalist; 2nd semester proficiency for other degrees/majors (Spanish is recommended for prospective Texas teachers).

**UT Austin Cockrell School of Engineering recommended courses**

Note: admission to engineering requires completion of at least four technical courses including MATH 1411, MATH 1312, PHYS 2420 (counts as two courses), and others in BIOL, CHEM, GEOL, MATH, or PHYS chosen from those listed below. Applicants exceeding this four-course minimum are more competitive.

Mathematics – MATH 1411+1312+2313 for all degrees.

Science & Technology – PHYS 2420+2421 for all degrees. Additionally…
  - for Aerospace, Computational, or Mechanical Engineering: CHEM 1305.
  - for Architectural Engineering: CHEM 1305 and GEOL 1313+1103.
  - for Biomedical Engineering: BIOL 1305+1107 and CHEM 1305+1306+1105+1106.
  - for Chemical Engineering: BIOL 1305 and CHEM 1305+1306+1105+1106.
  - for Civil Engineering: CHEM 1305+1306.
  - for Environmental Engineering: BIOL 1305, CHEM 1305+1306+1105+1106, and GEOL 1313+1103.
  - for Geosystems or Petroleum Engineering: CHEM 1305+1306 and GEOL 1313+1103.

**UT Austin College of Fine Arts recommended courses**

Visual & Performing Arts – one course outside student’s the major field of study.

Foreign Language – for BA degrees: 4th semester proficiency.

**UT Austin Jackson School of Geosciences recommended courses**

Note: Geological Science applicants are strongly encouraged to complete CHEM 1305, GEOL 1313+1103, and MATH 1411. Environmental Science applicants must complete BIOL 1305, CHEM 1305, and MATH 1411 with grades of at least C– and GEOL 1313+1103 with a grade of at least B–.

Mathematics –
  - for the BA Geological Sciences: MATH 1411.
  - for the BS Environmental Geosciences: MATH 1411+1312.

Science –
  - for the BS Geological Sciences: CHEM 1313+1114.
  - for the BS Geosciences/Teaching option: MATH 1411+1312.

Science & Technology –
  - for the BA Geological Sciences: CHEM 1305+1306, GEOL 1313+1103+1104, and one chosen from PHYS 1403 or 2420.
  - for the BS Environmental Geosciences: BIOL 1305+1306, CHEM 1305+1306+1105+1106, GEOL 1313+1103, and PHYS 2420.
  - for the BS Geosciences: CHEM 1305+1306+1105+1106, GEOL 1313+1103, and PHYS 2420+2421. Additionally, GEOL 1314+1104 for the General or Teaching options.

Social Science – for Environmental Science: ECON 2304.

Foreign Language – 4th semester proficiency for the BA Geological Sciences; 2nd semester proficiency for the BS Geological Sciences/Teaching options.

**UT Austin College of Liberal Arts recommended courses**

Note: admission to Economics requires completion of ECON 2303+2304 and MATH 1411+1312. For admission to Environmental Science see note under School of Geosciences.

Mathematics –
  - for Environmental Science: BIOL 1305+1306, CHEM 1305+1306+1105+1106, GEOL 1313+1103, and PHYS 2420.

Science & Technology –
  - for Environmental Science: BIOL 1305+1306, CHEM 1305+1306+1105+1106, GEOL 1313+1103, and PHYS 2420.

**UT Austin College of Natural Sciences recommended courses**

Note: to be competitive for admission to Natural Sciences students should at minimum complete MATH 1411 and two courses from BIOL 1305, BIOL 1306, CHEM 1305, CHEM 1306, PHYS 2420, or PHYS 2421 and have grades of A or B in all math and science coursework. For admission to Environmental Science see note under School of Geosciences.

Mathematics – MATH 1411 for all degrees/majors. Additionally…
  - MATH 1312 for Biochemistry (BA, BS), Biology (BS options 1, II, III, VI, VIII), Chemistry (BSA), Environmental Science, or Neuroscience (BSA).
  - MATH 1312+2313 for Astronomy, Biology (BS option X), Chemistry (BA, BS), Computer Science (BS), Mathematics, Neuroscience (BS), or Physics.

Science & Technology –
  - for Astronomy: PHYS 2420+2421.
  - for Biochemistry: BIOL 1305+1306, CHEM 1305+1306+1105+1106, and PHYS 2420+2421.
  - for Biology: BIOL 1305+1306+1107+1108 and CHEM 1305+1306+1105+1106.
  - for Chemistry: CHEM 1305+1306+1105+1106 and PHYS 2420+2421.
  - for Computer Science: CS 1401 and a sequence chosen from BIOL 1305+1306+1107+1108, CHEM 1305+1306+1105+1106, GEOL 1313+1314+1103+1104, or PHYS 2420+2421.
  - for Environmental Science: BIOL 1305+1306, CHEM 1305+1306+1105+1106, GEOL 1313+1103, and PHYS 2420.
  - for Human Development & Family Sciences: BIOL 1305, CHEM 1305, and either BIOL 1306 or CHEM 1306.
  - for Mathematics: a sequence chosen from BIOL 1305+1306+1107+1108, CHEM 1305+1306+1105+1106, GEOL 1313+1314+1103+1104, PHYS 1403+1404, or PHYS 2420+2421.
  - for Medical Laboratory Science or Public Health: BIOL 1305+1306 and CHEM 1305+1306+1105+1106.
  - for Neuroscience: BIOL 1305+1306+1107+1108, CHEM 1305+1306+1105+1106, and PHYS 2420+2421.
  - for Nutrition: BIOL 1305 and CHEM 1305+1306+1105+1106.
  - for Physics: PHYS 2420+2421. Add CHEM 1305+1306+1105+1106 for BA & BS degrees; add BIOL 1305, CHEM 1305, or GEOL 1313+1103 for the BSA degree.
  - for Textiles & Apparel: CHEM 1305+1306+1105+1106.

Social Science –
  - for Environmental Science: ECON 2304.
  - for Mathematics/Actuarial Science option: ECON 2303+2304.
  - for Nutrition: ANTH 1302, ECON 2303 or 2304, PSYC 1301, or SOCI 1301. In the International option ECON 2303 or 2304 must be chosen.
  - for Public Health: ECON 2303 or 2304 or PSYC 1301.
  - for Textiles & Apparel/Merchandising option: ECON 2304.

Foreign Language – 4th semester proficiency for all BA degrees.

**UT Austin School of Nursing recommended courses**

Note: admission to Nursing requires completion of BIOL 1305, CHEM 1305, and STAT 2480.

Mathematics – STAT 2480.

Science & Technology – BIOL 1305, CHEM 1305, and HSCI 2302.

Social Science – PSYC 1301.

**UT Austin College of Pharmacy recommended courses**

Mathematics – MATH 1411+1312 and STAT 2480.

Science & Technology – BIOL 1305+1306, CHEM 1305+1306+1105+1106, and either PHYS 1403 or 2420.

**UT Austin School of Social Work recommended courses**

Science & Technology – BIOL 1303, 1304, or 1305 is required in Part 1 or Part 2.

Social Science – PSYC 1301, SOCI 1301, and either ECON 2303 or 2304.

Foreign Language – 2nd semester proficiency.
