Dear Incoming Student,

Welcome to Yale University!

Please read this information carefully.

Instructions:

1. Print the vaccination record form and these instructions now. Certain vaccinations require a series. Delay may prevent registration.
2. Take them to your healthcare provider (physician, nurse practitioner, physician assistant, etc.) and have them fully complete the form.
3. Do not mail or email this form to Yale Health.
4. On or after June 20, 2020, go to https://yale.medicatconnect.com, Yale’s online immunization portal.
   a. Enter your Yale NetID and password to log in.
   b. Enter the dates of all vaccinations.
   c. Scan or take a photo of the vaccination form and all supporting documents (e.g. laboratory tests).
   d. Upload all of your forms and all of your documentation for verification purposes (scanned or photo).
   e. Verification takes 1-5 business days.
   f. Respond to Medicat’s requests for further information or requests for corrective action.

Information for all Incoming Undergraduate and Graduate Students & Their Healthcare Providers

REQUIRED VACCINATIONS/TITERS

MMR (Measles, Mumps & Rubella)

- Two measles, mumps and rubella vaccinations administered AFTER your FIRST BIRTHDAY and administered at least 28 DAYS APART.
  OR
- TITER - Blood test results that show that you have immunity to MMR. If any of these tests are negative, revaccination is required. Upload the lab report with your completed vaccination record.

Varicella (chickenpox)

- Two varicella vaccinations administered AFTER your FIRST BIRTHDAY and administered at least 28 DAYS APART.
  OR
- Documentation of date of disease as witnessed/treated by your healthcare provider.
  OR
- TITER - Blood test results that show that you have immunity to varicella. If this test is negative, revaccination is required. Upload the lab report with your completed vaccination record.
Meningitis

- If you will be living in on-campus housing (dormitory only), you are required to document the administration of one quadrivalent meningitis vaccination administered within the past five years. The only vaccines accepted are: ACWY, Menveo, Nimenrix, Menactra, Mencevax, Menomune.

- On campus dormitories include all the undergraduate residential colleges and the following graduate dormitories: 254 Prospect Street, 272 Elm Street, 276 Prospect Street, Baker Hall, Harkness Dormitory (Medical School), and Helen Hadley Hall. On campus apartments do not apply.

Tuberculosis (TB) Screening

- If you have lived or traveled outside of the U.S. within the past year, ask your healthcare provider to complete a TB test (PPD or Quantiferon) and document it on the immunization record.
- Chest Xray reports must be uploaded with any positive PPD or Quantiferon testing.

RECOMMENDED VACCINATIONS

Td, hepatitis B, hepatitis A, HPV vaccine and meningitis B, yellow fever, and typhoid vaccination information may be submitted to complete your medical record, you are not required to provide this information.

REQUESTING MEDICAL OR RELIGIOUS WAIVERS

Medical Waiver and Religious Waiver from Vaccination

In the event that you are requesting a waiver from vaccination you must:

2. Although written for minors, you may sign it as it applies to you.
3. Attach a letter from your physician explaining the reason for the medical waiver (not needed for religious waiver).
4. In lieu of vaccinations, ask your physician to draw titters (blood tests to determine immunity) for measles, mumps, rubella and varicella and send the lab reports with the above-listed documentation.
