A crossroads of international trade for centuries, Singapore is the dynamic gateway to Asia and one of the world’s most globalized cities. This island city-state hosts the Asian headquarters for many multinational corporations across a range of industry sectors. The modern skylines and excellent public transportation system are perks to the city life in Singapore.

Global Interns can expect to be a part of Singapore’s rapidly growing economy, from finance and pharmaceuticals to technology and tourism.

---

“This internship experience allowed me to explore a side of my academic concentration that I had not previously experienced. I developed my programming skills and research skills, which will help me greatly in the future.

- Anav P., Singapore Global Intern
