LAS CONNECT

COMING SOON! LAS Career Services and LAS Alumni Relations are teaming up to expand career services for both students and alumni in the virtual realm with a new tool. LAS Connect, which we plan to launch in summer 2020, is a free, professional resource, allowing you to offer and seek mentorship; connect with professionals with the same degree or industry; build; and maintain a powerful network of fellow LAS Cyclones, and more! It will be exclusive to ISU LAS Cyclones, meaning you will only find ISU LAS alumni, students, faculty and staff on the platform. Be sure we have your current email address so we can let you know when LAS Connect goes live!
When Iowa State Agricultural College first opened its doors in 1869, the liberal arts were an important part of the institution. Iowa State has taught courses in physics, chemistry, English, history, and philosophy since the very beginning, and throughout the years added more humanities offerings.

In 1898, studies in the liberal arts and sciences were given a home in the Division of Science and Philosophy, and the division underwent several other name changes over the years.

In 1959, the service division became a college—the College of Sciences and Humanities—which offered students full-fledged majors in liberal arts and scientific curricula.

Today, the College of Liberal Arts and Sciences, its name since 1990, is the most academically diverse college at the university and offers a wide and rich range of program options.
Green hills for thy throne, and for
crown a golden melody
Ringing in the hearts of all who bring
thee love and loyalty.

Dear Alma Mater, make our
spirits great,
True and valiant like the
Bells of Iowa State.

Enhanced are our lives by thy
wisdom and fidelity
Each inspiring moment here
implants enduring loyalty.

Dear Alma Mater, keep life’s
pathways straight,
Hearts allegiant to the
Bells of Iowa State.
