Dear Artist,

Yale Health announces the Summer 2019 Call for Proposals for our rotating art exhibit at the Yale Health Center in new Haven, CT on the campus of Yale University.

The Rotating Art Exhibits are a great opportunity for Yale-affiliated artists to gain more exposure as well as offering enrichment and enjoyment to patients, visitors and staff. Given that New Haven is often recognized as one the most culturally fascinating cities in the country, the visual arts are an important part of our community. The exhibits will be highlighted on the Yale Health website and intranet pages for all employees. Those interested in purchasing artworks on display will be directed to the artist to complete that sale with an agreement that the artist will send 20% of the proceeds from these sales to benefit the Yale Health Art Program.

Yale-affiliated artists and artist organizations are invited to submit an application for this program. The exhibit shall hang for approximately **6 months beginning August 2019**. The selection of the exhibits will be juried by the Yale Health Art Committee based on the Criteria for Exhibitions, the quality of the art and the suitability for hospital patients, visitors and staff.

Sincerely,

The Arts at Yale Health Committee
