Incoming Health Sciences Student Immunization Program

Welcome to Yale University!

In advance of your arrival, the following information is designed to assist you and your healthcare provider in understanding of the Connecticut State Department of Public Health’s Immunization Requirements.

Please read this information carefully and please provide this information to your healthcare provider. This will save you both time and expense.

Follow these instructions:

1. Print the vaccination record form and these instructions now.
2. Take them to your healthcare provider (physician, nurse practitioner, physician assistant, etc.) and have them fully complete the form.
3. Do not mail or email this form to Yale Health, or anyone at the University, it will be returned. On or after June 20, 2018, go to https://yale.medicalconnect.com.
   a. Enter your Yale NetID and password to log in.
   b. Enter the dates of all vaccinations.
   c. Scan or take a photo and upload this vaccination form and all supporting documents.
   d. Upload all of your forms and all of your documentation for verification purposes (scanned or photo)
   e. Await review and verification (1-5 business days)
   f. Respond, if necessary, to requests for further information or requests for corrective action.

The process of receiving these vaccinations, titers, etc. and meeting these requirements may take several months to complete, so please make an appointment with your healthcare provider as quickly as possible. PLEASE BEGIN THIS PROCESS NOW.

Essential Information for Incoming Health Sciences Students & Their Healthcare Providers

REQUIRED VACCINATIONS/TITERS:

Primary Hepatitis B Series:

- Dates of three hepatitis B vaccinations administered at the following intervals;
  (First vaccination, second vaccination administered 30 days later, and third vaccination 6 months after the first.)

And

- Laboratory report from a QUANTITATIVE HEPATITIS B SURFACE ANTIBODY TITER (drawn at least 30 days after last hepatitis B vaccination). This titer result must have a numeric value (number). If it does not have a

Secondary Hepatitis B Series:

1. If your first QUANTITATIVE HEPATITIS B SURFACE ANTIBODY TITER value is less than 10, see your healthcare provider now, for a hepatitis B vaccination booster.
2. Wait 30 days and have the QUANTITATIVE HEPATITIS B SURFACE ANTIBODY TITER repeated.
3. If the test result is still less than 10, get another hepatitis B vaccination.
4. Wait 5 months and get another hepatitis B vaccination.
5. Wait one month and have the QUANTITATIVE HEPATITIS B SURFACE ANTIBODY TITER repeated.
6. Continue to document all of these vaccinations and titer results in Medicat and upload all titer results/vaccination documentation until the process has been completed.
number, an incorrect test (a qualitative titer) may have been ordered for you. Please discuss this with your healthcare provider. (UPLOAD LABORATORY REPORT)

**Tuberculosis Screening:**

**Step 1:**

Documentation of the result of PPD screening, within the past month is required. However, if you have ever had a positive PPD reading, do not have a PPD administered. In place of a PPD, steps 2 (IGRA testing) or 3 (chest X-ray) are acceptable alternatives.

**Step 2:**

IGRA blood testing, within the past month is required regardless of prior BCG status. If IGRA testing result is positive, please proceed to Step 3, for chest X-ray result reporting. (UPLOAD LABORATORY REPORT)

**Step 3:**

Chest X-Ray within the past 5 years: Please supply information regarding all evaluation and treatment information including a chest X-ray reading report completed by a radiologist. *(Upload radiologist’s report: Do not send chest X-ray films.)*

**MMR (Measles, Mumps & Rubella):**

- **Two** measles, mumps and rubella vaccinations (administered AFTER your FIRST BIRTHDAY and administered at least 28 days apart).

  OR

- (TITER) Blood test results that show that you have immunity to MMR. If any of these tests are negative, revaccination is required. *(Upload the lab report with your completed Vaccination Record.)*

**Varicella (chickenpox):**

- **Two** varicella vaccinations (administered AFTER your FIRST BIRTHDAY and administered at least 28 days apart).

  OR

- Documentation of date of disease as witnessed/treated by your healthcare provider.

  OR

- (TITER) Blood test results that show that you have immunity to varicella. If this test is negative, revaccination is required. *(Upload the lab report with your completed Vaccination Record.)*

**Meningitis:**

- If you will be living in on-campus housing (dormitory facility), you are required to document the administration of one quadrivalent meningitis vaccination administered within the past five years. *(The only acceptable vaccines include: ACWY, Menveo, Nimenrix, Menactra, Mencevax, and Menomune.)*

*(On campus dormitory facilities include all the undergraduate residential colleges and the following graduate dormitories: 254 Prospect Street, 272 Elm Street, 276 Prospect Street, Baker Hall, Harkness Dormitory (Medical School,) and Helen Hadley Hall.)*
Yale

Tdap: Tetanus-diphtheria and Pertussis:

- Documentation of one Tdap vaccination, administered within the past ten years, is required.

Influenza (Physician Assistant Online Program students only):

- Documentation of one influenza vaccination within the past 6 months is required for all January start Physician Assistant On-line Program Students ONLY.

REQUESTING MEDICAL WAIVERS

Medical Waiver from Vaccination

In the event that you are requesting a Medical Waiver from Vaccination you must:
2. Although written for minors, you may sign it as it applies to you.
3. Have the document notarized by a Notary Public.
4. Attach a letter from your physician explaining the reason for the medical waiver.
5. In lieu of vaccinations, ask your physician to draw titters (blood tests to determine immunity) for measles, mumps, rubella and varicella and send the lab reports with the above-listed documentation.
Health Sciences Student Vaccination Record

1. Print this form and the instructions now.
2. Take them to your healthcare provider (physician, nurse practitioner, physician assistant, etc.) and have them fully complete the form.
3. Do not mail or email this form to Yale Health, or anyone else at the University, it will be returned. On or after June 20, 2018, go to [https://yale.medcatconnect.com](https://yale.medcatconnect.com).
   a. Enter your Yale NetID and password to log in.
   b. Enter the dates of all vaccinations.
   c. Scan or take a photo and upload this vaccination form and all supporting documents.
   d. Upload all of your forms and all of your documentation for verification purposes (scanned or photo)
   e. Await review and verification (1-5 business days)
   f. Respond, if necessary, to requests for further information or requests for corrective action.
