Welcome to Yale University!

Please read this information carefully and please provide this information to your healthcare provider. This will save you both time and expense.

Follow these instructions:

1. Print the vaccination record form and these instructions now.
2. Take them to your healthcare provider (physician, nurse practitioner, physician assistant, etc.) and have them fully complete the form.
3. Do not mail or email this form to Yale Health.
4. On or after June 20, 2020, go to https://yale.medicatconnect.com, Yale’s online immunization portal.
   a. Enter your Yale NetID and password to log in.
   b. Enter the dates of all vaccinations.
   c. Scan or take a photo and upload this vaccination form and all supporting documents.
   d. Upload all of your forms and all of your documentation for verification purposes (scanned or photo).
   e. Verification takes 1-5 business days.
   f. Respond, if necessary, to requests for further information or requests for corrective action to Medicat only.

Essential Information for Incoming Health Sciences Students & Their Healthcare Providers

REQUIRED VACCINATIONS/TITERS:

Primary Hepatitis B Series:
- Dates of three hepatitis B vaccinations administered at the following intervals;
  (First vaccination, second vaccination administered 30 days later, and third vaccination 6 months after the first.)

And
- Laboratory report from a quantitative hepatitis B surface antibody titer (drawn at least 30 days after last hepatitis B vaccination). This titer result must have a numeric value to be accepted.

Secondary Hepatitis B Series:
1. If your first quantitative hepatitis B surface antibody titer value is less than 10, see your healthcare provider now, for a hepatitis B vaccination booster.
2. Wait 30 days and have the quantitative hepatitis B surface antibody titer repeated.
3. If the test result is still less than 10, get another hepatitis B vaccination.
4. Wait 5 months and get another hepatitis B vaccination.
5. Wait 30 days and have the quantitative hepatitis B surface antibody titer repeated.
6. Continue to document all of these vaccinations and titer results in Medicat and upload all titer results/vaccination documentation until the process has been completed.
Tuberculosis Screening:

- Documentation of the result of PPD screening or Quantiferon lab test within the past month is required. However, if you have ever had a positive PPD reading, supply the documentation verifying those results along with dates of your completed medication regimen.

- Chest X-Ray within the past 5 years for any positive PPD or Quantiferon results. Please supply information regarding all evaluation and treatment information including a chest X-ray reading report completed by a radiologist. (*Upload radiologist’s report: Do not send chest Xray films.*)

MMR (Measles, Mumps & Rubella):

- **Two** measles, mumps and rubella vaccinations (administered AFTER your FIRST BIRTHDAY and administered at least 28 days apart).

  OR

- (TITER) Blood test results that show that you have immunity to MMR. If any of these tests are negative, revaccination is required. (*Upload the lab report with your completed Vaccination Record.*)

Varicella (chickenpox):

- **Two** varicella vaccinations (administered AFTER your FIRST BIRTHDAY and administered at least 28 days apart).

  OR

- Documentation of date of disease as witnessed/treated by your healthcare provider.

  OR

- (TITER) Blood test results that show that you have immunity to varicella. If this test is negative, revaccination is required. (*Upload the lab report with your completed Vaccination Record.*)

Meningitis:

- If you will be living in on-campus housing (dormitory), you are required to document the administration of one quadrivalent meningitis vaccination administered within the past five years. (The only acceptable vaccines include: ACWY, Menveo, Nimenrix, Menactra, Mencevax, and Menomune.)

  (*On campus dormitories include all the undergraduate residential colleges and the following graduate dormitories: 254 Prospect Street, 272 Elm Street, 276 Prospect Street, Baker Hall, Harkness Dormitory (Medical School,) and Helen Hadley Hall.*)
Yale

Tdap: Tetanus-diphtheria and Pertussis:
- Documentation of one Tdap vaccination, administered within the past ten years, is required.

Influenza (Physician Assistant Online Program students only):
- Documentation of one influenza vaccination within the past 6 months is required for all January start Physician Assistant On-line Program Students ONLY.
