* Estimate shown for the Post-Baccalaureate Pre-Medical program is based on a total of 24 credit hours of approved courses taken over the Fall 2019 and Spring 2020 semesters. F-1 and J-1 students must enroll in a minimum of 12 credits per semester. The number of credits needed to complete the certificate vary depending on individual student needs and preparation and may range from 30-45 credits. Remedial coursework not on the approved course list is billed at a higher tuition rate than estimated here. Please contact premed@georgetown.edu for more information and to obtain a precise tuition estimate based on your individual program needs.

**Students in the MS in Management and the Special Master’s in Physiology and Biophysics must show funds for the full length of the 10 month program.

Notes:
1) Students in dual degree or joint degree programs should use expense estimates for the more expensive program.
2) F-1 students bringing dependents must demonstrate additional funds to meet dependent estimated expenses for the first 9 month academic year (Fall 2019/Spring 2020):
   $8,100 for the first dependent and $4,500 for each additional dependent after the first.
3) J-1 students bringing dependents must demonstrate additional funds to meet dependent estimated expenses and must contact their international student advisor for details.
4) Undergraduate Transfer Students: Students who transfer course credits to Georgetown from another institution will receive a mandatory program completion date that reflects their current class level:
   Sophomores: 05/21/22, Juniors: 05/22/21
