Mamie learned her trade, catering, at church. Her skills came through the Empowering Women With Dignity project, an initiative in Liberia that provides vocational training for vulnerable women. Because of the catering class, she has been able to both provide for her children and send them to school. Now, she teaches others to bake at one of the three Nazarene churches housing the project. The classes, which include tailoring, fabric design, and soap making in addition to catering, equip women with skills that will enable them to provide for their families and experience dignity, confidence, and respect. “God cares about this,” Mamie says. “I pray for the community to be changed.”

"God cares about this. I pray for the community to be changed."

Nazarene Compassionate Ministries, Inc. exists to respond to and prevent suffering resulting from poverty and disasters as an expression of Christian faith.

As an intermediary, NCMI secures resources to advance the compassionate work of the Church of the Nazarene through Nazarene Compassionate Ministries. You can help local churches in more than 150 countries around the world serve as the hands and feet of Christ by designating NCMI in your workplace giving campaign.

YOUR IMPACT

When you choose to participate in Workplace Giving, you are choosing to change lives around the world. Here’s what your gift to Nazarene Compassionate Ministries, Inc. (NCMI) will do:

WOMEN’S EMPOWERMENT IN LIBERIA
In Liberia, NCMI is supporting vocational training that will help vulnerable women provide for their families and experience dignity and respect. Three churches serve as centers to equip and empower 200 women over the course of two years. Weekly savings groups enable long-term economic improvement. The churches will also host workshops to address social issues including child marriage and gender-based violence.

WATER, SANITATION, AND HYGIENE IN SRI LANKA
NCMI is supporting a comprehensive water, sanitation, and hygiene improvement program in Pudukudiruppu, Sri Lanka. The goal is to reach 3,500 people from four local villages through 7 new water wells, 12 rehabilitated wells, 110 new latrines, training, and awareness campaigns.

CLEAN WATER IN KENYA
Since 2017, NCMI has assisted more than 17,000 people in rural Kenya with clean, safe water and hygiene practices. The project combines access to water with sanitation and hygiene trainings; wells and latrines are constructed in combination with trainings that equip people to live healthier lives.

HIV/AIDS CARE IN SWAZILAND/ESWATINI
Over the past several years, NCMI has partnered in Swaziland/ eSwatini to support more than 28,000 people living with HIV and AIDS through home visits, adherence assistance with life-saving medications, and linkages to clinical and other support services. NCMI will continue to link people living with HIV and AIDS to services in 35 clinic catchment areas throughout the eSwatini.

HEALTH CARE IN PAPUA NEW GUINEA
The Kudjip Nazarene Hospital in Papua New Guinea is the only hospital available for more than 300,000 people in Jiwaka Province. Through the support of USAID, NCMI has assisted the Kudjip Nazarene Hospital in Papua New Guinea to build infrastructure, including housing for medical professionals and a new water delivery system. By continuing to improve infrastructure, the hospital can continue to provide excellent health care by attracting and retaining quality medical professionals.

GIFTS IN KIND
Each year, NCMI aids victims of natural disasters and other humanitarian crises through the distribution of Crisis Care Kits, generators, water filters, meal packs, baby food and formula, solar lamps, and more. NCMI also distributes thousands of School Pal Paks to support educational development programs. Your gifts ensure we are able to send help when it is needed most.

THROUGH WORKPLACE GIVING
you can make a difference for children and families in the U.S. and around the world.
