UNLEASH YOUR LEADERSHIP POTENTIAL AND ADVANCE YOUR CAREER
PURSUE A MASTER OF SCIENCE IN HEALTH SYSTEMS ADMINISTRATION

DESIGNED FOR EARLY-TO-MID CAREER WORKING PROFESSIONALS

Cohort of diverse peers, access to nationally renowned industry leaders & esteemed faculty, professional coaching, networking, & peer learning opportunities

Hybrid Delivery: Five 12-week online terms + four 1-week on-campus intensives

COMPLETE OUR PART-TIME, 42-CREDIT, CAHME® ACCREDITED MHSA PROGRAM IN 21 MONTHS

Students have the opportunity to participate in dynamic on-campus intensives, national and regional conferences, case competitions, comparative health system global experiences, & on the job competency-based experiential projects

Our mission is to educate the next generation of health system leaders to improve the quality and value of healthcare and to advance the knowledge needed to make these improvements. We accomplish this through a curriculum that is experiential, competency-based, and framed by Jesuit values.

Christopher J. King, PhD, MHSc, FACHE
Department Chair & MHSA Program Director
