WEST CAMPUS UPDATE: 4/6/2019 - 4/12/2019

**Biomedical Innovations Building 1 (BMI)**

- Interior work continues including mechanical, electrical, plumbing, framing walls, drywall, painting, tiling, doors & frames, fire sprinklers, elevators, security, AV, acoustical ceiling tile & ceiling MEP trim, data cabling, fume hoods, counter tops, moisture mitigation, specialty items like lockers and lab casework.
- All major electrical gear is now in the basement and being hooked up.
- Parapet framing on the roof.
- The ribbon windows on the north facade are complete, the glazers will jump back to the south facade where the manlift was once the GFRC panels are in place.
- Stone patching at the GFRC continues.
- Site improvements are underway, including pouring concrete for the bioretention areas on the south and removing asphalt on the north.
- One lane of South Pasteur is now within the site fence to accommodate BMI site work.

**Work Hours:** 7am-5pm M-F, 9am-5pm Saturdays
