WHERE:   University of Texas Speech and Hearing Center
          2504A Whitis Avenue, Suite 2.200
          Austin, TX 78705

COST:    $375 group therapy (10 sessions; 2.5 hours/day)
          $25 materials fee
          • Accept BCBS and United Healthcare
          • Sliding-fee scale w/ proof of financial need

This group is for all children who qualify for speech or language therapy.

Target skills may include:
  • Asking and answering questions
  • Describing and explaining
  • Following directions
  • Playing interactively with others
  • Speaking clearly
  • Listening and attending

Children will be grouped with others of similar age and target skills. All skills will be taught during fun theme-based activities that naturally promote communication and interaction.

All attendees will receive an individual work plan and a progress report with child goals, progress, and future recommendations.

Graduate clinicians in speech-language pathology will lead the sessions under the supervision of Dr. Jesse Franco, CCC-SLP.
