To be eligible for guaranteed fall 2021 admission to the UT Austin College of Liberal Arts (excluding the majors in Economics or Environmental Science), Coordinated Admission Program students must complete 32 transferable semester hours of approved coursework (including a mathematics course other than College Algebra) with at least a 3.2 grade point average by June 1, 2021.

CAP students may compete for admission to Architecture requiring completion of 24 recommended courses and Government requirements at UT El Paso. Recommended courses and recommendations below are preliminary and subject to ongoing revision, as changes in UT Austin, School of Architecture, or University of Texas System requirements occur.

Courses and recommendations below are not guaranteed admission to UT El Paso. Students are encouraged to consult the Academic Advising Office for specific course requirements.

To be eligible for guaranteed fall 2022 admission to the UT Austin College of Social and Behavioral Sciences, Coordinated Admission Program students must complete 32 transferable semester hours of approved coursework (including a mathematics course other than College Algebra) with at least a 3.2 grade point average by June 1, 2021.

CAP students may compete for admission to Architecture requiring completion of 24 recommended courses and Government requirements at UT El Paso. Recommended courses and recommendations below are preliminary and subject to ongoing revision, as changes in UT Austin, School of Architecture, or University of Texas System requirements occur.

Courses and recommendations below are not guaranteed admission to UT El Paso. Students are encouraged to consult the Academic Advising Office for specific course requirements.

The following recommendations cover major-specific Mathematics, Science & Technology, Visual & Performing Arts, Social Science, or Foreign Language requirements in UT Austin degrees. (English Composition, Humanities, History, and Government requirements are the same in all degrees.)

It is not a CAP requirement to follow a particular degree plan or to take all recommended courses, but taking courses needed for your planned major avoids delays in degree progress and eligibility to declare a major.

**Recommended Courses by UT Austin Major**

Some majors require beginning (freshman year) or intermediate (sophomore year) foreign language proficiency. All majors require two years of high school credit in a single foreign language; if you do not meet this standard you must achieve beginning proficiency in university-level courses.

Recommendations do not include Skills & Experience Flag requirements, which are designed to be satisfied by courses taken in residence at UT Austin (see [http://ags.utexas.edu/flags/students/](http://ags.utexas.edu/flags/students/)).

**Recommended Courses by UT Austin School of Architecture recommended courses**

Be: admission to Architecture requires completion of 24 semester hours at UT Austin in addition to the 30 hours earned in the CAP program.

**Mathematics – for Architecture:** MATH 1411+1412.

**Science & Technology –**

- for Architecture: choose a sequence from PHYS 1403+1404 or (for engineering dual degree) 2420+2421
- for Interior Design: PHYS 1403+1404.

**Visual & Performing Arts –**

- for Architecture: a two-course architectural history sequence is required, unavailable at UT El Paso.
- for Interior Design: choose one from ART 1300, ARTH 1305, or ARTH 1306.

**Social Science –** for Interior Design: PSYC 1301.

Some majors require beginning (freshman year) or intermediate (sophomore year) foreign language proficiency. All majors require two years of high school credit in a single foreign language; if you do not meet this standard you must achieve beginning proficiency in university-level courses.

Recommendations do not include Skills & Experience Flag requirements, which are designed to be satisfied by courses taken in residence at UT Austin (see [http://ags.utexas.edu/flags/students/](http://ags.utexas.edu/flags/students/)).

**UT Austin School of Architecture recommended courses**

**Note:** admission to Architecture requires completion of ECON 2303+2304 and MATH 1411+1412.

**Mathematics –** MATH 1411+1312. Add MATH 2313 for the Science & Technology Management major.

**Science & Technology –** for the Science & Technology Management major:

- CHEM 1305 and PHYS 2420+2421.

**Social Science –** ECON 2303+2304.

**Foreign Language –** for International Business: intermediate proficiency in a language associated with the world region in which the student plans to specialize.

(continued →)
### UT Austin Moody College of Communication recommended courses

**Mathematics** — for Advertising or Public Relations: choose one course from the list excluding STAT 2480.

**Foreign Language** — intermediate proficiency.

### UT Austin College of Education recommended courses

**Mathematics** —
- for Athletic Training: choose one from MATH 1508 or 1411 or STAT 2480.
- for Kinesiology/Exercise Science major: MATH 1411.

**Science & Technology** —
- for Athletic Training: HSCI 2302; BIOL 1303 or 1305; and a sequence chosen from CHEM 1305+1306 or PHYS 1403+1404.
- for Kinesiology: BIOL 1303 or 1305 and CHEM 1305+1306. In the Exercise Science major BIOL 1305 must be taken and PHYS 1403+1404 is also required.

**Visual & Performing Arts** — for students pursuing teacher certification: choose an ART, ARTH, MUSL, MUST, or THEA course.

**Social Science** — PSYC 1301.

**Foreign Language** — intermediate proficiency in Spanish for Applied Learning & Development/EC-6 ESL generalist; beginning proficiency for other ALD majors (Spanish is recommended for prospective Texas teachers).

### UT Austin Cockrell School of Engineering recommended courses

**Mathematics** — MATH 1411+1312+2313 for all degrees.

**Science & Technology** — PHYS 2420+2421 for all degrees. Additionally...
- for Aerospace, Computational, or Mechanical Engineering: CHEM 1305.
- for Architectural Engineering: CHEM 1305 and GEOL 1313+1103.
- for Biomedical Engineering: BIOL 1305+1107 and CHEM 1305+1306+1105+1106.
- for Chemical Engineering: CHEM 1305+1306+1105+1106.
- for Civil Engineering: CHEM 1305+1306.
- for Environmental Engineering: BIOL 1305, CHEM 1305+1306+1105+1106, and GEOL 1313+1103.
- for Geosystems or Petroleum Engineering: CHEM 1305+1306 and GEOL 1313+1103.

**Visual & Performing Arts** — for Architectural Engineering: a dedicated architectural history course is required, unavailable at UT El Paso.

### UT Austin College of Fine Arts recommended courses

**Visual & Performing Arts** — one course outside student’s major field of study.

### UT Austin Jackson School of Geosciences recommended courses

**Mathematics** —
- for the BA Geosciences: MATH 1411.
- for the BS Environmental Science: MATH 1411+1312.
- for the BS Geological Sciences/Teaching option: MATH 1411+1312.
- for the BS Geological Sciences/nonteaching options: MATH 1411+1312+2313.

**Science & Technology** —
- for the BA Geosciences: CHEM 1305+1306, GEOL 1313+1314+1103+1104, and one chosen from PHYS 1403 or 2420.
- for the BS Environmental Science: BIOL 1305+1306, CHEM 1305+1306+1105+1106, GEOL 1313+1103, and PHYS 2420.
- for the BS Geosciences: CHEM 1305+1306+1105+1106, GEOL 1313+1103, and PHYS 2420+2421. Additionally, GEOL 1314+1104 for the General or Teaching options.

**Social Science** — for Environmental Science: ECON 2304.

**Foreign Language** — intermediate proficiency for the BA Geosciences; beginning proficiency for the BS Geosciences/nonteaching options.

### UT Austin School of Nursing recommended courses

**Mathematics** —
- for Humanities: CHEM 1305, CHEM 1306, and either BIOL 1305+1306 or BIOL 1306.
- for Mathematics: a sequence chosen from BIOL 1305+1306+1107+1108, CHEM 1305+1306+1105+1106, and PHYS 2420+2421.
- for Nutrition: BIOL 1305 and CHEM 1305+1306+1105+1106.
- for Neuroscience: BIOL 1305+1306+1107+1108, CHEM 1305+1306+1105+1106, GEOL 1313+1314+1103+1104, or PHYS 2420+2421.
- for Psychology: CHEM 1305, CHEM 1306, and either BIOL 1305+1306+1105+1106, or GEO 1313+1103+1106.

**Social Science** —
- for Environmental Science: ECON 2304.
- for Mathematics/Actuarial Science option: ECON 2303+2304.
- for Nutrition: ANTH 1302, ECON 2303 or 2304, PSYC 1301, or SOCI 1301. In the International option ECON 2303 or 2304 must be chosen.
- for Public Health: ECON 2303 or 2304 or PSYC 1301.
- for Textiles & Apparel/Dept. option: ECON 2304.

**Foreign Language** — intermediate proficiency for all BA degrees.

### UT Austin College of Liberal Arts recommended courses

**Mathematics** —
- for Economics or Environmental Science: MATH 1411+1312.
- for Psychology (BS) or Urban Studies: MATH 1411 & STAT 2480 (minimum grades of C+ required for admission to Urban Studies).

**Social Science** —
- for Environmental Science: ECON 2304.
- for Sustainability Studies: one course chosen from ECON 2303 or 2304 and one course chosen from ANTH 1302 or SOCI 1301.

**Foreign Language** — beginning proficiency for Psychology (BS); intermediate proficiency for all BA degrees.

### UT Austin College of Natural Sciences recommended courses

**Mathematics** — MATH 1411 for all degrees/majors. Additionally...
- MATH 3112 for Biochemistry (BA, BS), Biology (BS options I, II, III, VI, VIII), Chemistry (BSA), Environmental Science, or Neuroscience (BSA).
- MATH 1312+2313 for Astronomy, Biology (BS option X), Chemistry (BA, BS), Computer Science (BS), Mathematics, Neuroscience (BS), or Physics.
- STAT 2480 for Textiles & Apparel.

**Science & Technology** —
- for Astronomy: PHYS 2420+2421.
- for Biochemistry: BIOL 1305+1306, CHEM 1305+1306+1105+1106, and PHYS 2420+2421.
- for Biology: BIOL 1305+1306+1107+1108 and CHEM 1305+1306+1105+1106.
- for Chemistry: CHEM 1305+1306+1105+1106 and PHYS 2420+2421.
- for Computer Science: CS 1401 and a sequence chosen from BIOL 1305+1306+1107+1108, CHEM 1305+1306+1105+1106, GEOL 1313+1314+1103+1104, or PHYS 2420+2421.
- for Environmental Science: BIOL 1305+1306, CHEM 1305+1306+1105+1106, GEOL 1313+1103, and PHYS 2420.
- for Human Development & Family Sciences: BIOL 1305, CHEM 1305, and either BIOL 1306 or CHEM 1306.
- for Mathematics: a sequence chosen from BIOL 1305+1306+1107+1108, CHEM 1305+1306+1105+1106, and PHYS 2420+2421.
- for Nutrition: BIOL 1305 and CHEM 1305+1306+1105+1106.
- for Physics: PHYS 2420+2421. Add CHEM 1305+1306+1105+1106 for BA & BS degrees; add BIOL 1305, CHEM 1305, or GEOL 1313+1103 for the BSA degree.
- for Textiles & Apparel: CHEM 1305+1306+1105+1106.

**Social Science** —
- for Environmental Science: ECON 2304.
- for Mathematics/Actuarial Science option: ECON 2303+2304.
- for Nutrition: ANTH 1302, ECON 2303 or 2304, PSYC 1301, or SOCI 1301. In the International option ECON 2303 or 2304 must be chosen.
- for Public Health: ECON 2303 or 2304 or PSYC 1301.
- for Textiles & Apparel/Dept. option: ECON 2304.

**Foreign Language** — beginning proficiency for all BA degrees.

### UT Austin School of Social Work recommended courses

**Mathematics** — MATH 1411+1312 and STAT 2480.

**Science & Technology** —
- for Biomedical Sciences: BIOL 1305+1306, CHEM 1305+1306+1105+1106, and either PHYS 1403 or 2420.

---

Course recommendations are based on degree requirements published in UT Austin’s Undergraduate Catalog 2020–2022 and on UT El Paso courses available during the 2020–2021 academic year. Produced by the UT Austin Office of Admissions. Revised 15 January 2020.
