Bachelor of Science in Nursing (BSN)
Prospective Nursing transfer students are urged to become familiar with the School’s curricula and rules in the Undergraduate Catalog 2016–2018 at registrar.utexas.edu/catalogs/.
Transfer students from Texas community colleges are eligible to graduate under UT Austin catalog rules in effect during the time they attend the community college. Those declaring the 2016–2018 catalog must satisfy all degree requirements by the end of the summer session 2024, including at least sixty semester credit hours in residence at UT Austin.
Prospective students can monitor their UT degree progress and check degree applicability of transfer credit by using the “Planner” feature of UT’s Interactive Degree Audit (IDA) system at registrar.utexas.edu/students/degrees/ida/.

Admission is competitive in the School of Nursing; acceptance depends upon available space and the applicant’s qualifications compared to the entire applicant pool. External transfer applicants must select Nursing as their first-choice major.
Transfer students are admitted only in fall semesters; applications are not considered for spring or summer admission.
To be considered for transfer admission in nursing, applicants must have completed BIOL 1406, CHEM 1311, and MATH 1342, all with grades of C− or better.

The Office of Admissions evaluates courses from other institutions for comparability with UT Austin coursework, but the Office of Student Services in the School of Nursing approves transfer credit for use in a degree program.

Questions concerning degree/graduation requirements and degree applicability of transfer credit should be directed to the Office of Student Services, School of Nursing, NUR 2.400, UT Austin, Austin TX 78712 (512/232-4780). Prospective student information is at www.utexas.edu/nursing/future/.
Questions concerning transfer admission and transfer credit evaluation should be directed to the Undergraduate Admissions Center, John Hargis Hall, P.O. Box 8058, UT Austin, Austin TX 78713-8058 (512/475-7387). Admission information and Transfer Guides for other UT programs are at admissions.utexas.edu/apply/transfer-admission/.

Core curriculum transfer credit from Texas community colleges is guaranteed to apply toward the UT Austin core, but degree plans may specify how to fulfill some core requirements. Recommendations in this Guide satisfy core requirements with courses normally prescribed by the BSN degree plan at UT.
Courses in which grades lower than C− are earned do not transfer. Grades from transfer credit are excluded from a student’s internal UT Austin grade point average computation.
Physical education activity courses do not count toward degree requirements in the School of Nursing, but grades and credit count toward transfer admission.
