Prospective Education transfer students are urged to become familiar with the College’s curricula and rules in the Undergraduate Catalog 2016–2018 at registrar.utexas.edu/catalogs/.

Transfer students from Texas community colleges are eligible to graduate under UT Austin catalog rules in effect during the time they attend the community college. Those declaring the 2016–2018 catalog must satisfy all degree requirements by the end of the summer session 2024, including at least sixty semester credit hours completed in residence at UT Austin.

Prospective students can monitor their UT degree progress and check degree applicability of transfer credit by using the “Planner” feature of UT’s Interactive Degree Audit (IDA) system at registrar.utexas.edu/students/degrees/ida/.

External & Internal Transfer Admission in Education

- Admission preference is given to external transfer applicants who select an Education degree as their first-choice major.
- Students pursuing Exercise Science or Health Promotion & Behavioral Science should initially enter the University as Applied Movement Science majors, then apply for internal transfer to their planned major.
  - See education.utexas.edu/programs/student-affairs/kinesiology-health-education/exercise-science/
    for Exercise Science admission information.
  - See education.utexas.edu/programs/student-affairs/kinesiology-health-education/health-promotion/
    for Health Promotion & Behavioral Science admission information.
- Students pursuing Sport Management should initially enter the University as Physical Culture & Sports majors, then apply for internal transfer to Sport Management.

Use of Transfer Credit Toward Degrees

The Office of Admissions evaluates courses from other institutions for comparability with UT Austin coursework, but the Dean’s Office in the College of Education approves transfer credit for use in a degree program.

- Questions concerning degree/graduation requirements, degree applicability of transfer credit, and teacher certification should be directed to the Student Division Office, College of Education, SZB 216, UT Austin, Austin TX 78712 (512/471-3223). Prospective student information is at www.edb.utexas.edu/education/prospective/.
- Questions concerning transfer admission and transfer credit evaluation should be directed to the Undergraduate Admissions Center, John Hargis Hall, P.O. Box 8058, UT Austin, Austin TX 78713-8058 (512/475-7387). Admission information and Transfer Guides for other UT programs are at admissions.utexas.edu/apply/transfer-admission/.

Special Notes

- Teacher certification information is at www.edb.utexas.edu/education/cert/. Students pursuing middle grades, secondary, or all-level teacher certification in Texas must earn a bachelor’s degree in the subject they intend to teach.
- Core curriculum transfer credit from Texas community colleges is guaranteed to apply toward the UT Austin core, but degree plans may specify how to fulfill some core requirements. Recommendations in this Guide satisfy core requirements with courses normally prescribed by a student's major field of study at UT.
- Courses in which grades lower than C– are earned do not transfer. Grades from transfer credit are excluded from a student’s internal UT Austin grade point average computation.
- Up to three semester hours in physical education activity coursework may count as elective credit toward any degree in the College of Education.
- Up to twelve semester hours in Air Force, Military, or Naval Science may count as free elective credit toward any degree in the College of Education.
