### BEDROOM

- Flipping your mattress every semester makes it more comfortable to sleep on
- Use old T-shirts to dust furniture and other items

### LIVING SPACE

- Use your vacuum to get crumbs off of fabric-covered sofas and chairs
- Odor-reducing spray can help with hard-to-clean furniture items
- Disinfectant wipes can be a good replacement for a feather duster

### BATHROOM

- Leave the bathroom door open between showers to reduce humidity
- If the bathroom fan is not working, submit a work order to prevent mold and mildew from developing

### KITCHEN

- Don’t pour grease down the sink drain
- If your freezer has ice buildup, manually defrost it by removing your food, turning the thermostat off, and allowing the ice to melt (you may want to put a towel down!).
