LANDLORD/TENANT
Entering a Lease
Signing a Lease

If you sign a lease, you are bound by it. It does not matter whether or not you took the time to read it. Exception: Fraud

What are the important provisions to look for in a lease???

- Rent
- Lease Term
- Security Deposit
- Late Payments
- Pet Policy
- Lease Termination
Joint & Several Liability

- If both tenants sign, both are responsible
- If one tenant doesn’t pay rent, the other tenant is still liable for the full amount

Mark, Margaret, and Will live together. Mark causes $1,000 of damage by driving his car through the garage door. Who can the landlord collect from?

All three tenants are responsible for paying damages.
Solution: Roommate Agreement

- How much will each roommate pay?
- Who will be responsible for damages?
- Who will pay utilities?
Renter Insurance

• Landlord is not responsible for damage to the tenant’s personal property unless damage is caused by landlord’s negligence
• The landlord’s insurance covers building

What kinds of things could cause damage to the tenant’s personal property?
The Landlord/Tenant Relationship Throughout the Life of the Lease
Implied Warranty of Habitability

In EVERY rental, the landlord guarantees that the property is fit for people to live there.

What kinds of issues might make an apartment unsuitable for people to live there?

- Leaky roof
- Plumbing or gas that is not installed to code or doesn’t work
- Issues with running water or a lack of warm water
- No heat
- Rodents/vermin
- Unsafe floors, stairways, railings
- Broken locks and doors
- Unclean common areas
A landlord has breached the warranty of habitability IF…

• 1) The premises are **uninhabitable**

• 2) The condition is **materially dangerous or hazardous** to the tenant; AND

• 3) The tenant **notified** the landlord and the landlord failed to fix the problem in a “reasonable period of time.”
If an apartment is legally uninhabitable…

1) The landlord can fix the problem voluntarily
2) The landlord can move the tenant to a comparable unit
3) The tenant can take the landlord to court to seek:
   • Termination of the lease
   • Injunctive relief
   • Attorney fees and costs
What if the tenant causes the damage?

There is NO implied warranty of habitability claim against the landlord.
You are six months into a one-year lease. Your landlord sells your home or apartment. Your new landlord would like to raise your rent $20. Do you have to start paying $20 more each month?

**NO**

The new landlord is subject to the provisions in the previous owner’s lease (unless the lease states otherwise).
Termination of the Lease
Security Deposit

- What is a security deposit?
  - Money that the landlord collects from the tenant and holds on to until the tenant moves out, to ensure that the tenant pays rent, utility bills, damages, etc.
  - No limit, but often one-month’s rent
  - It is the tenant’s money—including interest!
How quickly should the landlord return the tenant’s security deposit?

• Rule: The landlord has **one month** (or up to 60 days if the lease permits) to return the security deposit

• Consequences: the landlord loses her right to keep any portion of the deposit

• Treble damages: available if the landlord “willfully and wrongfully” keeps deposit
The Portion of the Security Deposit that the Landlord can Keep

Landlord can keep deposit for:

1) Rent
2) Utility charges
3) Damage
4) Cleaning

Landlord **cannot** keep deposit for “normal wear and tear”

Landlord must itemize deductions in written statement
What is “Normal Wear and Tear”? 

WORN CARPET  
FADED PAINT
Follow the Golden Rule!

If you leave the apartment in the same condition as when you moved in, you should get your deposit back (as long as you paid your rent, utilities, etc.)

When you move in: 1) pictures; 2) list

When you move out: 1) remove furniture; 2) clean; 3) walk premises with landlord; 4) list; 5) pictures; 6) forwarding address
What should you do if your landlord takes longer than one month to return your deposit?

Step 1) Call the Landlord to Negotiate

Step 2) Seven-Day Demand Letter

Step 3) Small Claims Court

Why this is a Growing Concern

- These are “low risk, high reward” crimes
- Scammers target everyone, but especially seniors
  - Seniors sometimes have more money, and
  - are perceived as vulnerable, unsophisticated, isolated, or overly trusting
“Who would do such a thing??”

- Over 90% of reported senior abuse/scams is committed by a family member

The saddest thing about BETRAYAL is that it never comes from your enemies.
Where do these scams occur?

Roadmap

- Background
- Common Telephone Scams
- Ways to Protect Yourself
The “Grandparent Scam”

- Scam artists may pose as a law enforcement agent, medical personnel, or as the “grandchild”

Fake Grandson Tricks Granny Out of $26K In Phone Scam

Caller posing as grandson told 65-year-old woman he was in jail and needed money for bail and an attorney, police say.

Colorado, March 2, 2015 - A 65-year-old Colorado woman was tricked into giving $26,000 to a male caller who pretended to be her grandson, reports said...
Charity Scams

- Scam artists ask for donations to fake charities, or real charities (but the money is pocketed)
- This often occurs after natural disasters

AARP: “Even before Superstrom Sandy made landfall, 1,000 new websites with ‘Sandy,’ ‘relief’ or related keyword search terms in them had been registered, many of them by scammers.”
Sweepstakes Scams

- Real-life example:

Sweepstakes Scams

- Tip-off: “You won lots of money...now pay up...”
Text Messaging Scams

- Scammers have started to text their victims for information
  - Often with promises of free gifts (e.g., computers, gift cards, cheap mortgages, credit cards, or debt relief services)
  - Also: watch out for texts from “family members” for info

- This is illegal! (with a few limited exceptions)

- Advice:
  - Delete—don’t reply or click on links!
  - Place your cell phone number on the National Do Not Call Registry
  - File a complaint:
    - Forward the text to the number 7726 (SPAM), free of charge (AT&T, T-Mobile, Verizon, Sprint or Bell subscribers)
    - Call 1-888-CALL-FCC (1-888-225-5322) to report to the FTC
Warning Signs (from the FBI):

- “You must act now, or the offer won’t be good.”
- “You don’t need to research us…we’re trustworthy”
- “You’ve won…but…”
- Etc.

Fringe Lending

Charlie Clark
The University of Colorado School of Law
What is Fringe Lending?

- Payday Loans
  - Estimated $27 Billion in annual loan volume
- Pre-paid Cards
  - $1 Billion in 2003
  - $65 Billion in 2012
Payday Loans

Short-term, low-dollar loans

Average Borrower:
- In debt for over 6 months
- High rate of renewal loans
- Average annual interest rates over 400%
- Cost of financing: $15 to $30 to borrow $100
The Circle of Debt

Charlie needs $200 cash in order to fix his car and heads to a local payday lending store. To get a 14 day loan of $200, Charlie will need to pay a $20 fee for every $100 he borrows. After borrowing, Charlie has a few different payment options

- Charlie can pay $240 in cash
- Charlie can let the payday lender cash a check that is held as collateral
- Charlie can pay another $40 fee to “renew” the loan for another two weeks.

If Charlie renews the loan he will end up paying $280 in order to borrow $200 – an interest rate of over 500% APR
Colorado Legal Protections

- Maximum loan of $500
- Minimum loan term of 6 months
- Maintenance fee of $7.50 per $100 borrowed
- No prepayment penalty
- Finance charge limits
Colorado Cycle of Debt

Charlie borrows a $200 payday loan and has 6 months to pay it back. Charlie sets up a payment plan with the payday loan company that looks like this:

- 1 monthly payment of $57.32
- 5 monthly payments of $57.29

At the end of 6 months, Charlie will have paid a total of $343.77 to borrow $200, which results in an APR of 216.91%. Even though Charlie paid a lower interest rate, under Colorado law he paid more overall.

  • To stop contact altogether (though the debt collector is allowed one final communication after this request)

• CAUTION: The debt collector can still sue you in court over a valid debt
What You Can Do: Dispute

- 30-day window to dispute debt → IN WRITING

- Outside of 30-day window, the debt will be assumed “valid” by debt collector

- Upon dispute: Debt Collector must cease collection efforts until verification is mailed to you
What You Can Do: Enforce

• Make a complaint:
  • Colorado Collection Agency Regulation
  • Colorado Attorney General’s Website

• Sue the debt collector:
  • Consult an attorney
Best Practices

• Keep records of all contact with the debt collectors (dates, times, topics discussed)

• Get all agreements with the debt collectors in writing

• Don’t ignore any written notifications from the debt collector
  • Legal notices and summons

Your Hardware Warranty

IMPORTANT: BY USING YOUR iPHONE, iPAD or iPOD PRODUCT YOU ARE AGREEING TO BE BOUND BY THE TERMS OF THE APPLE ONE (1) YEAR LIMITED WARRANTY (“WARRANTY”) AS SET OUT BELOW. DO NOT USE YOUR PRODUCT UNTIL YOU HAVE READ THE TERMS OF THE WARRANTY. IF YOU DO NOT AGREE TO THE TERMS OF THE WARRANTY, DO NOT USE THE PRODUCT AND RETURN IT WITHIN THE RETURN PERIOD STATED IN APPLE’S RETURN POLICY (FOUND AT www.apple.com/legal/sales_policies/) TO THE APPLE OWNED RETAIL STORE OR THE AUTHORIZED DISTRIBUTOR WHERE YOU PURCHASED IT FOR A REFUND. Apple One (1) Year Limited Warranty – iOS For Apple Branded Product Only

WHAT IS COVERED BY THIS WARRANTY?

Apple Inc. of One Infinite Loop, Cupertino, California, U.S.A. 95014 (“Apple”) warrants the Apple-branded iPhone, iPad or iPod hardware product and accessories contained in the original packaging (“Apple Product”) against defects in materials and workmanship when used normally in accordance with Apple’s published guidelines for a period of ONE (1) YEAR from the date of original retail purchase by the end-user purchaser (“Warranty Period”). Apple’s published guidelines include but are not limited to information contained in technical specifications, user manuals and service communications.
WHAT IS NOT COVERED BY THIS WARRANTY?
This Warranty does not apply to any non-Apple branded hardware products or any software, even if packaged or sold with Apple hardware. Manufacturers, suppliers, or publishers, other than Apple, may provide their own warranties to you - please contact them for further information. Software distributed by Apple with or without the Apple brand (including, but not limited to system software) is not covered by this Warranty. Please refer to the licensing agreement accompanying the software for details of your rights with respect to its use. Apple does not warrant that the operation of the Apple Product will be uninterrupted or error-free. Apple is not responsible for damage arising from failure to follow instructions relating to the Apple Product’s use.

This Warranty does not apply: (a) to consumable parts, such as batteries or protective coatings that are designed to diminish over time, unless failure has occurred due to a defect in materials or workmanship; (b) to cosmetic damage, including but not limited to scratches, dents and broken plastic on ports; (c) to damage caused by use with another product; (d) to damage caused by accident, abuse, misuse, liquid contact, fire, earthquake or other external cause; (e) to damage caused by operating the Apple Product outside Apple’s published guidelines; (f) to damage caused by service (including upgrades and expansions) performed by anyone who is not a representative of Apple or an Apple Authorized Service Provider (“AASP”); (g) to an Apple Product that has been modified to alter functionality or capability without the written permission of Apple; (h) to defects caused by normal wear and tear or otherwise due to the normal aging of the Apple Product, or (i) if any serial number has been removed or defaced from the Apple Product.

Important: Do not open the Apple Product. Opening the Apple Product may cause damage that is not covered by this Warranty. Only Apple or an AASP should perform service on this Apple Product.
WARRANTY LIMITATIONS SUBJECT TO CONSUMER LAW

To the extent permitted by law, this warranty and the remedies set forth are exclusive and in lieu of all other warranties, remedies and conditions, whether oral, written, statutory, express or implied. Apple disclaims all statutory and implied warranties, including without limitation, warranties of merchantability and fitness for a particular purpose and warranties against hidden or latent defects. To the extent permitted by law, in so far as such warranties cannot be disclaimed, Apple limits the duration and remedies of such warranties to the duration of this express warranty and, at Apple’s option, the repair or replacement services described below. Some states (countries and provinces) do not allow limitations on how long an implied warranty (or condition) may last, so the limitation described above may not apply to you.

LIMITATION OF LIABILITY

Except as provided in this warranty and to the maximum extent permitted by law, Apple is not responsible for direct, special, incidental or consequential damages resulting from any breach of warranty or condition, or under any other legal theory, including but not limited to loss of use; loss of revenue; loss of actual or anticipated profits (including loss of profits on contracts); loss of the use of money; loss of anticipated savings; loss of business; loss of opportunity; loss of goodwill; loss of reputation; loss of, damage to, compromise or corruption of data; or any indirect or consequential loss or damage howsoever caused including the replacement of equipment and property, any costs of recovering, programming, or reproducing any program or data stored in or used with the Apple product or any failure to maintain the confidentiality of information stored on the Apple product.
YOUR RESPONSIBILITIES

Before receiving warranty service, Apple or its agents may require that you furnish proof of purchase details, respond to questions designed to assist with diagnosing potential issues and follow Apple’s procedures for obtaining warranty service. Before submitting your Apple Product for warranty service you should maintain a separate backup copy of the contents of its storage media, remove all personal information that you want to protect and disable all security passwords.

HOW TO OBTAIN WARRANTY SERVICE?

Please access and review the online help resources described below before seeking warranty service. If the Apple Product is still not functioning properly after making use of these resources, please contact an Apple representative or, if applicable, an Apple owned retail store ("Apple Retail") or AASP, using the information provided below. An Apple representative or AASP will help determine whether your Apple Product requires service and, if it does, will inform you how Apple will provide it. When contacting Apple via telephone, other charges may apply depending on your location.
Distinguish Warranty and Guarantee

**Warranty**
- Think “Insurance Policy”
- What the manufacturer or seller will do if the product or service is not as promised, or it fails

**Guarantee**
- Think “Satisfaction”
- A promise to perform as described, or that the buyer will be pleased with it
Don’t Trust A Guarantee You Can’t See
Don’t Trust A Guarantee You Can’t See
Are Extended Warranties “Worth It”?  

**Manufacturer’s Warranty**  
- 90 days - 2 Years  
- Manufacturing Defects

**Extended Warranty**  
- Additional 1-2 years (up to lifetime)  
- Manufacturing defects  
- May really be a “service contract”
To Extend Or Not To Extend?

• Fine print can exclude things (accidents, multiple incidents)

• Check for a deductible or service fee

• Compare price with a typical repair cost without the extended warranty

• Price of the product
Are Extended Warranties “Worth It”?

• Additional factors to consider:
  • Your own risk tolerance (or risk creation)
  • Newness & quality of the product
  • How long you plan to use it / expect it to last
  • How you plan to protect it
Did You Know?

- Sometimes manufacturers cover out-of-warranty items
- Stores might extend your warranty for free

- Your credit card might extend your warranty and even cover accidents!

- Add a rider to your homeowners insurance
Points to Remember

• ALWAYS check the warranty before buying
  • Terms—coverage, deductible, length of time

• ALWAYS keep your receipt and warranty

• Be smart about extended warranties

• Look into alternatives (contact manufacturer/seller, credit card, add to insurance)

• It is your right to exercise the warranty or guarantee

FAMOUS BANKRUPTCIES

Bankruptcy basics

• What happens when you file for bankruptcy?

• The court gathers all of your property and sells it to pay off creditors
  • Chapter 7 Liquidation

• Or, if you are eligible, you can keep your property in exchange for a promise to pay a portion of your income for 3 to 5 years
  • Chapter 13 Repayment
EXEMPT PROPERTY

• Can the court make you sell every piece of property you own?
  • No!

• Certain pieces of property are exempt from sale

• Homestead Exemption
  • Up to a certain dollar amount
EXEMPT PROPERTY

• What about your pension?
EXEMPTIONS

EXEMPTIONS

• “Tools of the Trade”
THE AUTOMATIC STAY

• When you file for bankruptcy, creditors must stop any actions to collect on debt

• Creditors violating the “stay” may receive severe punishment
  • Money damages, attorney’s fees, punitive damages

• Sometimes a creditor might “lift the stay”
  • For example, if crops are depreciating
SECURED AND UNSECURED CLAIMS

• Certain (secured) creditors get paid before other (unsecured) creditors

• Secured creditors
  • Moved towards front of the line (given priority)
  • Debt owed to a secured creditor is secured (or guaranteed) by a piece of property

• Unsecured creditors
  • Moved toward end of the line (no priority)
  • Can be paid pennies on the dollar or nothing
CHAPTER 7 ELIGIBILITY

- The Court will look at your monthly income and expenses to determine if you are eligible
- The “Presumption of Abuse”
- Courts will always look at good faith
DISCHARGE

- Debtor may completely get rid of certain debts
- Good Faith
- Exceptions to Discharge
Can you discharge your student loans?

DISCHARGE

  • Federal, state, or local
DISCHARGE

• Child Support and Alimony?
DISCHARGE

- Medical Bills?
• Debtor and trustee propose a repayment plan that the court must approve

• Debtor keeps all property in exchange for promise to turn over portion of all future income for 3 to 5 years

• Good faith: courts always scrutinize proposed repayment plans to make sure it has been filed in good faith
• Business reorganizations

• Business allowed special financing, and certain contracts can be modified or even rejected outright

• Creditors have right to be convinced that their secured claims are receiving “adequate protection”
