The Office of Admissions evaluates courses from other institutions for comparability with UT Austin coursework, but the Dean’s Office in the College of Pharmacy approves transfer credit for use in a degree program.

- Questions concerning PharmD admission, degree/graduation requirements, and degree applicability of transfer credit should be directed to pharmadmissions@austin.utexas.edu. Prospective students should read through the PharmD admission information at sites.utexas.edu/pharmacy-admissions/.

- Questions concerning transfer admission to UT Austin and transfer credit evaluation should be directed to the Undergraduate Admissions Center, John Hargis Hall, P.O. Box 8058, UT Austin, Austin TX 78713-8058 (512/475-7387). Admission information and Transfer Guides for other UT programs are at admissions.utexas.edu/apply/transfer-admission/.

Special Notes

- Core curriculum transfer credit from Texas community colleges is guaranteed to apply toward the UT Austin core, but degree plans may specify how to fulfill some core requirements. Recommendations in this Guide satisfy core requirements with courses normally prescribed by the PharmD degree program at UT.

- Courses in which grades lower than C– are earned do not transfer. Grades from transfer credit are excluded from a student’s internal UT Austin grade point average computation.

- Physical education activity courses do not count toward degree requirements in the College of Pharmacy, but grades and credit count toward transfer admission.

- Up to nine semester hours in Air Force, Military, or Naval Science may count as non-pharmacy elective credit toward a degree in the College of Pharmacy by students commissioned through the UT Austin ROTC program. Such credit may not count toward the professional PharmD elective requirement.
Courses Recommended for Transfer

Listed in Texas Common Course Numbers, a uniform system of field-of-study prefixes and four-digit numbers used by community colleges statewide. A course number's first digit indicates academic level (1 = freshman, 2 = sophomore) and the second digit specifies semester hour credit value.
